As the big city claws the sky for more living space
So it burrows into the earth for commutation
Catacombing itself with capillaries
Through which shuttle-trains.
Marshalled at night in naked yards on it's outskirts
They rest until dawn... Then an unseen intelligence
Disperses them into the tidal flow of city life.
Humorless iron reptiles, clacking stupidly
on a webbing on graceful steel rails,
They smoke through the maze of buildings
Until finally, finding a tunnel mouth,
They plunge into the bowels of the city.

-Will Eisner (1917-2005)
New York: The Big City (1986)

Here's a question. How do you get around in a city with eight million people? How did the city gain its enormous size?

It's the subway. This is the system which made the city grew. Carrying over 5 million passengers every single day. That's containing the entire population of Boston and Los Angles in one go!

These subway trains have been carrying millions of New Yorkers since 1904...

AAARRRRRRRRRRRRRRRR BAM BAM BAM BAM BAM BAM BAM BAM BAM

Wow Rarity, that necklace looks really beautiful!

Isn't it? I brough this when I got off from work yesterday. I've worked so hard and saved money to buy this.

I guess the hard work finally paid off...

Rarity? Do you think it's safe to wear something that expensive in public like that? Expecially on the subway?

Oh please Fluttershy! You worry too much! Almost every lady wears expensive Jewelry where ever they go, and who's going to be able to snatch it off from the body?

Ladies and Gentlemen. There a Brooklyn bound N local train now arriving on the local track. Please stand away from the platfrom edge.

Remember Johnathan. Play it cool.

Got ya Alex.

Well, I think we can call it off for the day. Just look how much I've got.

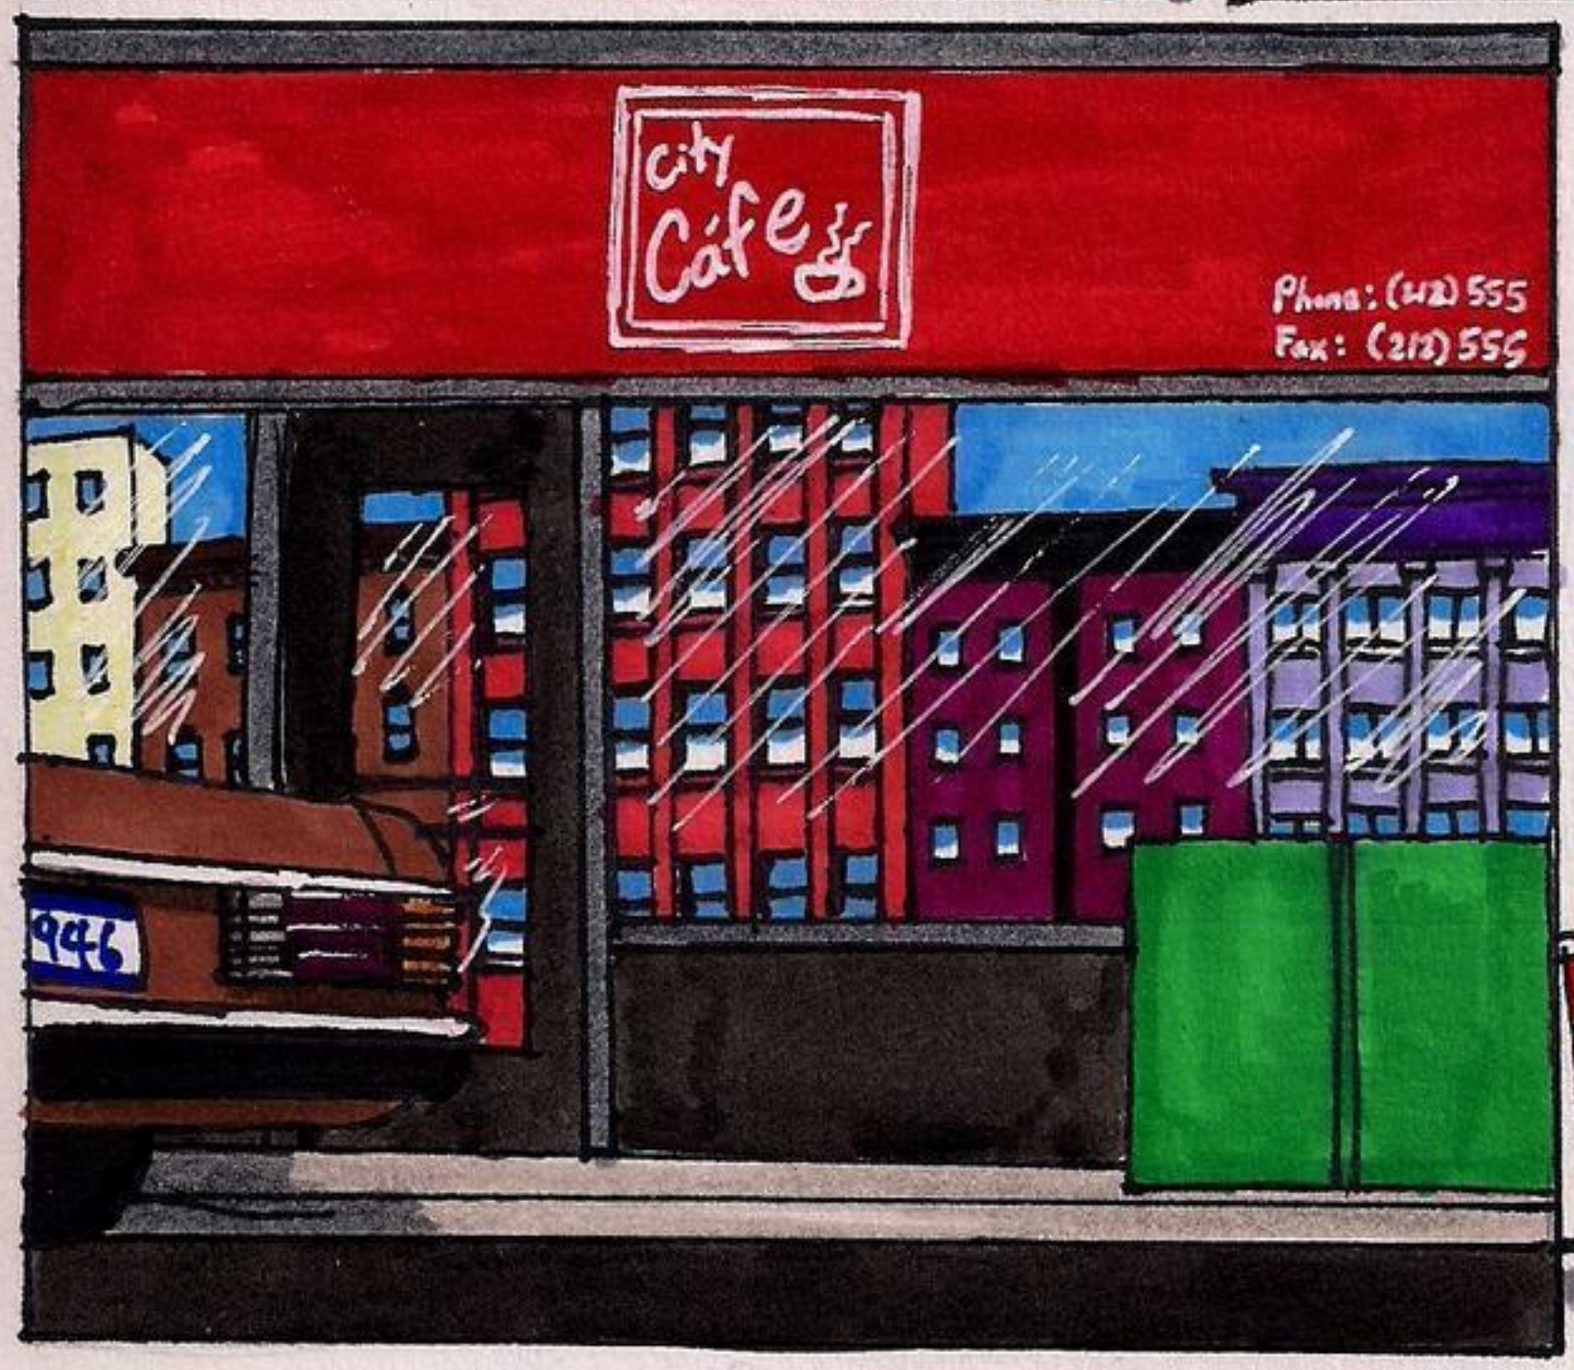
Ah! That's nothing. I've got myself a jackpot.

Check out this lovely jewelry. It must be worth a fortune!

Whoa! That thing must be worth over six grands!

I know right?

See Alex? We're pros. All we have to do, is to play it cool.



BONK!

There, there... Feeling better?

Sigh Not really....

So, let's see... Once you got off the train, the necklase was gone? You sure you didn't drop it on your way out of the train?

No! I had it on me the whole time! It felt like it never fell off or anything!

Well, we did bump into those two strangers while we're getting off the train.

Fluttershy? Are you saying I've been robbed?

You know? I have to agree with Fluttershy. You wore it hanging outside of your shirt. It wouldn't have happened if you kept it inside of it.

Oh really? Then how come Fluttershy's belongings haven't been stolen?

Well, because I put my personal belongings into the zipper pockets in my purse.

And I put nothing into the middle of the purse besides books and magazines in case I want to read. No one wants to stealbooks and magazines anyway.

But still... it doesn't help the fact that my necklace has been stolen...

Don't worry Rarity. Do you know what those men looked like? So we are able to catch'em.

Rainbow Dash? Don't you think telling this to the police is the better idea?

But Twilight!

No Twilight! She's right! I want to get my hands on whoever took it!

Although, I only can remember one of them is muscular looking, and the other one has an afro....

That's all you can remember?

Yeah...sorry....

Well geez, that won't help.

Oh! There they are!

Hiya girls! Sorry We're late.

Oh, that's alright. Glad you could make it.

Yeah; we got stuck on the train on our way here. So what's going on?

Rarity's expensive necklace got stolen on the subway by two strangers earlier....

WHAT?!? That's horrible!

Hmph...

Wait a minute! Rarity became one of those victims?

What do you mean, "became one of those victims?"

Haven't you read the newspaper? There's a lot of pickpocketing happening on the subway these days.

Beware of Pickpockets!

What? Let me see...! "The New York Police Department reported that 43 people had their personal belongings stolen. This includes wallets, jewelry, and phones. The reports show that the thefts mostly occured on the N train at stations between Canal Street and Queensboro Plaza...

"... witnesses say there are two men behind this. Yet it is still unclear what the pickpockets looks like..."

Junior's Too Cute!

Daniel Ingram Coming to New York Ponycon!

...However, several witnesses reported that one of the culprits has an afro while the other one was describes as a stury and muscular-looking type of guy...

Wow Rarity, just like you said!

Do they have a picture of them?

Uh... No Rarity. As they say, nobody knows what they truly look like.

Oh that's just rubbish!

Mmm... Rarity? If you really want to catch them, why don't we do a crime hunt? Come on Twilight, it's a great idea!

...

...An interesting idea, but this could get us into a lot of trouble...

WHAT?!? Are you kidding me?!?

Twilight! As good citizens, we have every right to protect the people in the community and in the streets!

So what's the harm? We would simply make New York City a little bit safer this way!

I understand Pinkie, but don't you think this is a bit too dangerous for us?

Twilight! These men stole MY necklace. I would shoot both of them to the moon before they even try to make a move on me. Got it?

Sigh

Fine! It seems like I can't stop you girls...

Yes!!

However! Allow me to plan this crime hunt. We'll meet tomorrow at Queensboro Plaza at 10 am sharp.

I'm doing fine Flash, thank you. I was just wondering if you're free this week.

Yeah I'm free this week. I'm on summer vacation after all. So whats going on?

...Really...? Rarity got her necklace stolen...?

Twilight? Don't you think you should leave this to the police?

Sigh That was my idea in the first place. But you know Rarity. She's quite determined about this hunt down.

So you needed my help? How could I aid you girls with this?

I'll explain this tomorrow. Bring your car with you. We are all going to meet at Queensboro Plaza at 10a.m. I got this all planned out...

Oh, come on Rarity. Just be a little more patient. There'll be enough time for you to torture them as long as you want after we got 'em.

Hey girls, we're here! Is everyone ready?

Well everyone except Pinkie Pie. Where is she?

...well, I guess she's late...

Ugh! So we got to wait even longer now!

Wait a minute... Is that her over there?

Don't be home late tonight okay Pinkie Pie?

Okie-Dokie Maud! I'll see you later!

Queensboro Station

What is she wearing?

Pinkie? Why are you wearing that silly costume?

It's no costume! It's a uniform!

What? It looks more like you're trying to sell cookies.

Girls... you need to do some reasearch! What I'm wearing is a uniform worn by no one else but the "Guardian Angels!" The Protectors of all subway riders and staff from dangerous criminals. And today, I, Pinkie Pie, am going to do justice to these clothes!

The "Guardian Angles" will shine once again!

But still... you look like you're trying to sell cookies...

HEY!!!

Although, you do make a very good girl scout.

Ugh! No one understands me...!

Hey Twilight!

Oh Flash! You're here!

Yep, I am. So... What's up?

Just wait here until I settle the girls down.

Alright everyone, listen up! Here's what we are going to do. We will draw straws. There'll be two colors, red and blue, and we'll be divide up to two teams...

...Red will be going by rail, and blue will be going by road. If one team gets into trouble or something goes wrong, the other team will serve as backup. So take your pick.

Um... looks like I'll be going by train.

Rainbow Dash, are you alright? Are you hurt anywhere?
I'm fine, not a sreatch on me.

Three hours later...

Two hours in the police station filing out the incident report. What a waste of time....

How about the conductor? I know he's in a state of shock.

Yeah, about that. He needed some time off from what he witnessed....

Yeah... also Rarity, don't go chase some random thief like that. You never know if he carries a weapon.

Plus, you almost broke my nose.

I'm sorry...

Really? We're fine! He saw us when we crawled out from under the train without harm!

Yes, but he was still in shock and couldn't drive the train at all. He had to call in another driver to take the train away.

Oh...

Are we really doing this again tomorrow?

Well of course!! Those crooks are still on the loose!

Yeah, yeah, I know... You're sitting on the other side of the car...

We're doing this again tomorrow. Same plan, same time.

I'm very sorry about this Flash...

Hey it's not our fault that we're tired from yesterday! Calm down Rarity! We'll catch them soon enough!

Rarity! Rainbow! Quit yelling in my ear! Remind me to get more radios next time...

Here we go again, just hoping we'll catch them today. I've had enough of this...

Same as yesterday, patrolling between Queensboro and Canal Street station...

As the time passes...

Lex - 59 St

Remember Johnathan. We're gonna score big today.

Mind going over the details?

Like I said yesterday, we'll take the first car of the train and the passengers and driver hostage. Once the train is between 5th Avenue and 57th Street, I'll force the driver to stop the train between the stations and we'll rob everyone on board. After that we'll get off at 57th Street. Simple.

Hopefully. And how are we going to take them hostage in the first place?

Why do you think I'd packed this heavy gear? Here, take this one.

These... are guns?

You're crazy you know that?

Yeah, what do you expect?

How do we get out of this alive?

Don't worry, I have a plan B.

13:43 November Astoria! Why aren't you answering?! Come in 13:43 November Astoria!

Well...it sounds like chaos... Rainbow Dash, can you read me?

Yes Twilight. If you're wondering what's happening. We're somewhere between 57th Street and 5th Avenue being held hostage. We're being robbed by them...

Oh dear. You better hide your radio, or else they'll think you're an under cover cop or something!

Hey Frank! Do you know whats going on with that stalled train?

I don't know Gaber. I had the conductor go and investagate the situation.

Well you better call him back, because you're not going to believe this...

Oh really? Now what could that be?

The train has been high jacked.

What...?

DISRUPTION IN SERVING PROCEDURES

One of my transit officers told me that one of the Guardian Angel members reported to him some friends of hers were being held hostages on that stalled train.

...Listen Gaber. I know you're a practical joker, but this isn't the time...

This is 13:43 November Astoria to 57th Street tower. Come in please.

This is 57th Street tower. What's going on over there? I hope that motorman isnt dead.

No she isn't sir. But we have a code 12-8 sir. I repeat, we have a 12-8...

Wait... what?

Told ya.

What do you mean there's a 12-8? There's an armed passenger on board?

There's two of them to be exact. I see them in the next car. Everyone is taken hostage including the driver.

Alex, you hear that? We're being discovered!

It's the conductor! Get him!

Alright driver, give me the key!

What? I'm not supposed to give it to anybody!

You have three seconds to hand it over!
Okay! Okay!
Hey! Where are you going?!
Hey conductor!
AHHH!! HELP!!
Punch! Punch!
Got him.
Good. Put him with the rest of the passengers.
What the heck?! What would anyone want to hijack a subway train for?
Step aside George Raul. I'm going to take charge of police work here.

Wait what am I supposed to do since you're taking over?
What? You forgot how to do your job already? Reroute the trains. Simple.
Alright Amanda. Get back into your cab.
They know we're here. Now what?
We'll go for plan B.
Hey! When are you going to let us all go?!
Rainbow...
If you don't want to get hurt! Just sit down and stay seated!
Hey come on now! No need for violence!
Jerk...
Listen! If you know what's good for you. Just sit there and shut up!

What are you going to do?

You're going to help us to escape from the cops.

A get away, using the train?

I hate to tell you sir, but... they can track our exact position over their track board.

Just let me worry about that, my dear.

Rainbow Dash!! Fluttershy!!

Don't worry! The police is on their way!

Who the heck was that?

I believe that is the Guardian Angel girl...

This doesn't look good. Pinkie Pie just shouted in the T.A. radio system. This is going to spook the thieves!

You heard that Alex?!

I know! We better get moving!

How the heck do you know she's the Guardian Angel?

That's how one of my officers describe her! Jumpy, bubbly, high pitched, and fast talking.

Pinkie Pie! What are you doing? Do you know what you just did?!

Oh that's it! This is Lieutenant Gaber speaking! Please identifine yourself!

Well, try guessing who that is...

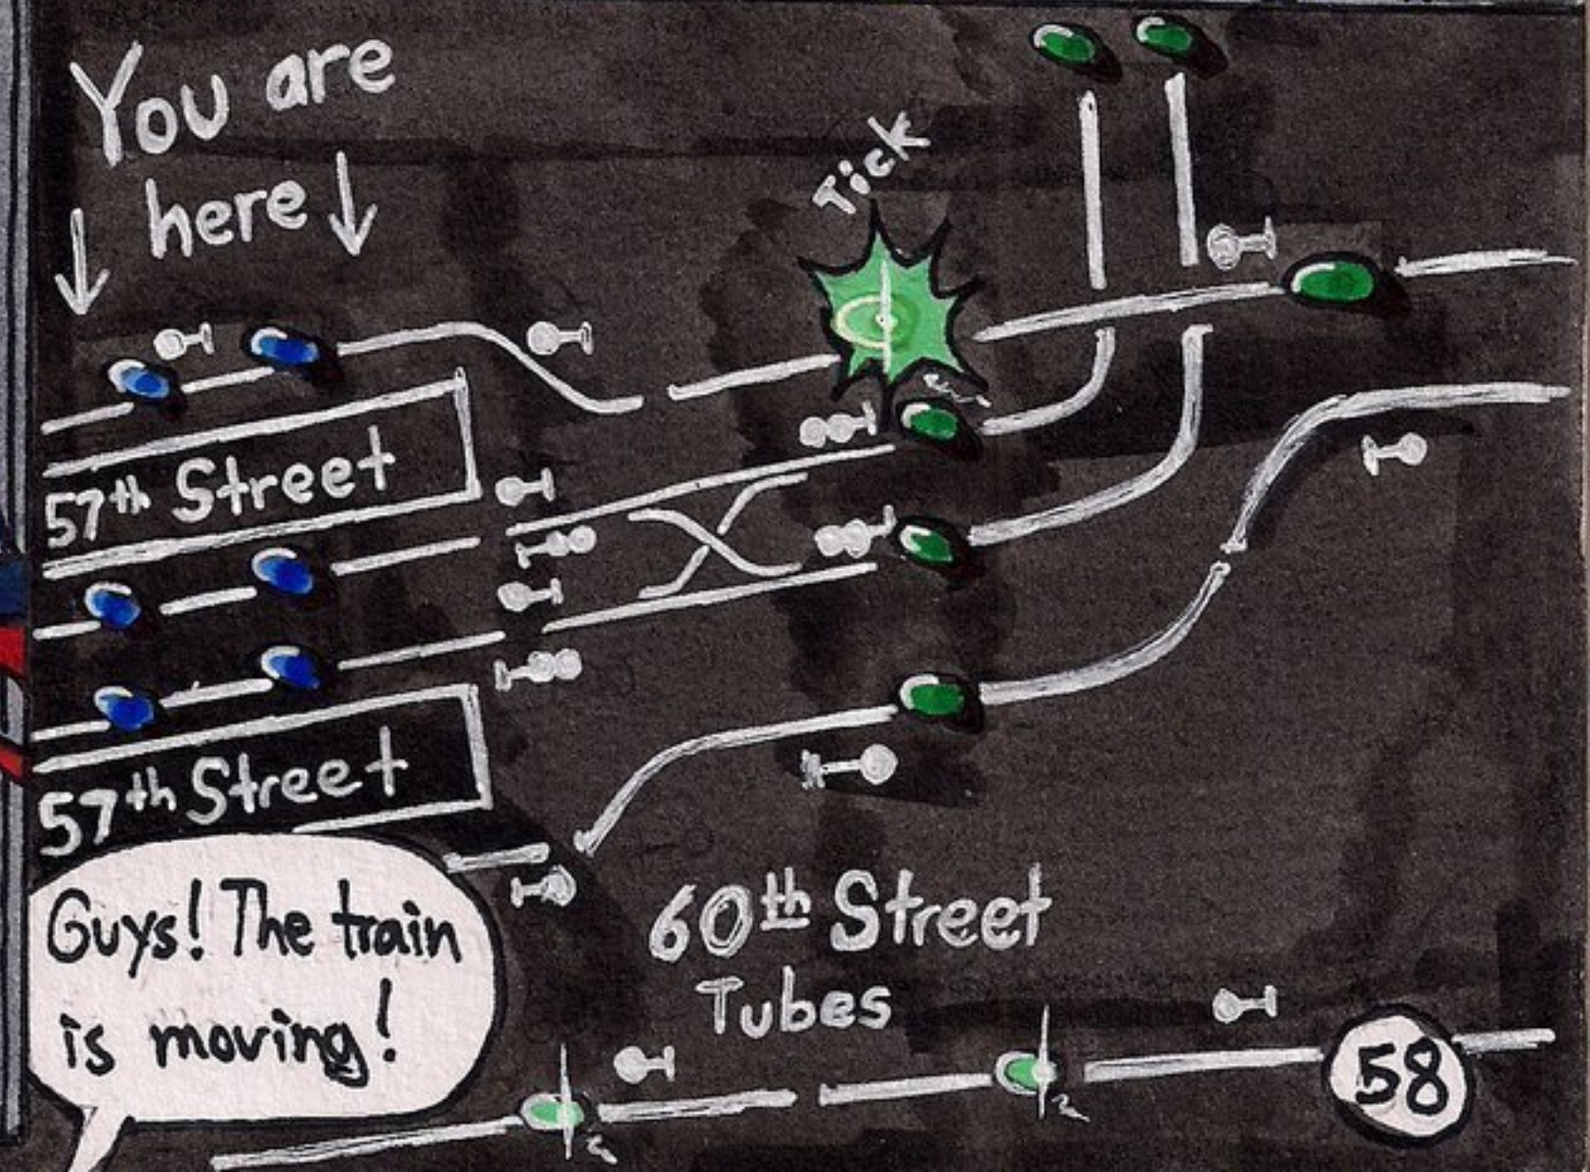
Oh dear, he heard me... Uh, yes Lieutenant. This is Twilight Sparkle. Please let me explain what's going on...

A few mintues later, while Twilight is explaining to Lt. Gaber about their subway patrol...

You better have a good explanation of what you girls are up to!

SHHHHHHHHHH

Alright, keep driving and don't stop at any stations.



Guys! The train is moving!

Who's moving?

13:43 November Astoria! The hijacked train!

Miss Sparkle, if you're planning to chase the train, you better do it now! They're on the move!

Roger, we're heading south on 5th Avenue and 58th Street...

The traffic is really heavy right now Lieutenant. I don't know if we're able to catch up with them.

That figures. Just keep heading south. I'll let the transit cop know and they will provide you excort.

C'mon Gaber, can't you do anything about the hijacked train?!

What do you think I'm doing?!

This is the hijack train, come in Lieutenant...

...are now hostages. If you care about the passengers and your workers, you better obey my commands...

Finally you've answered! Now tell me Astoria. What are you trying to do?

Now pay attention Lieutenant. We are in complete control of the entire train, and everybody on it...

CLANK CLANK

I'm aware that you two are armed?

Correct. Now I want the tracks up ahead clear, all the way into Brooklyn. If we get stuck behind one, I'll shoot a hostage.

Hey now no need for that! We'll do what you say but don't hurt anybody.

Keep in mind Lieutenant, if you use force with your officers, I will shoot a hostage. Is that quite clear?

Quite clear, quite clear!

The train is approaching! Gaber, it's best to set the hijacked train on the express track to lead them into Brooklyn.

Alright George.

Bill! Set that train for the express track!

Switching the tracks now!

Yeah!

We won't tell the police! Just let us go!

So you two are responsable huh? Take them away!

I like to see you getting us out of this one.

Just shut up!

I really thank all of you girls. You helped us out a lot on this one.

I am glad we could be of service, Lieutenant.

I'll make sure that you girls will be mentioned. But for now, I have to take these crooks downtown.

Twilight!

I'm glad that you're alright! What about the others?

Oh they're okay too. They're over there.

Everything is alright now, it's all over.

This...this is my first day... and it have to end up like this...

I feel very sorry for you. I've seen a lot of things since I started working on the subway But this is a whole new level...

BWAAH!! I want my necklace back! Those crooks sold it away! There's no way to recover it now! WAAH!!

There, there Rarity. Let it all out.

Hey I think I know you.

Who me?

Yeah, you're Pinkie Pie right? I've read about you in the papers. You're a member of the Guardian Angels and you've busted a few dangerous criminals.

Oh shucks...

Pinkie! How come we never heard of this?!

Oh, Rainbow. It depends on the papers you read. We hardly get mentioned.

Also, this is my volunteer job during my spare time.

Cheer up Rarity. Since they can't recover your necklace, the authorities will make sure these crooks have to pay you the same amount of money you bought it for.

Hmph! It won't be the same!

Should we go and get something to eat?

Why not? All this crime hunting made me hungry for sure!

Oh, I know a great place!

Um, wait a minute Pinkie Pie.

Yes?

I would like to ask for a favor if you don't mind.

Of course, how can I help you?

Oh, I almost forgot. Thank you very much for helping us out today.
You're welcome. I'm very glad I could help.
So what favor did he asked you for?
Oh, he wanted to know if it's okay to hang out with my sister Maud. So I gave him Maud's phone number.
Excuse me sir? Is this Bay Parkway? There's a bakery I needed to go to.
Oh no, this is 86th Street. You need to take the Manhattan bound train back about three stops.
Oh thank you, sir.

Just a few days later after the incident, Amanda shook off her fear and went back to work. She drove the N train a few times, then she was moved to the Q train, the R train, and the D train, doing almost 6 trips a day while working on the most incovenient hours. Afterwards she was permanently moved to the W train, a new subway line added to the service. The crooks however were sentenced to jail for a long time for assaulting the transit staff, passengers, and hijacking a subway train.
